UNUSUAL Eruption ON FACE AND HEAD

Afflicted for Months—Burned and Itched—Used Cuticura and He was Cured in Three Weeks—Not Even a Scar Left.

"As a grateful mother, I feel it my duty to thank you for the cure of my little son."

My son was afflicted with a most unusual eruption on his face and head, which covered him with scabs and ugly sores and his eyes kept in a constant state of irritation. I had to keep his hands in gloves to prevent his scratching his face, as he was constantly scratching at the burning and itching sensation, and was constantly trying to put his hands where they hurt. At last when he was about three years old, we saw an advertisement of Cuticura and Remedies. I bought a cake of Cuticura Soap, a box of Cuticura Ointment and a bottle of Cuticura Resolvent. I used them according to directions and I am happy to tell you the little sufferer was cured in less than three weeks. This was over a year ago and his face is covered with a fine growth of luxuriant hair. Strange to say, all those unsightly sores and eruptions have not even a scar left.

The suffering which Cuticura Soap and Cuticura Ointment have alleviated among skin-tortured, disfigured infants, children and adults have led to their adoption in countless homes as the purest, sweetest and most economical treatment for eczema, and other itching, burning humors of the skin and scalp. A single set is sufficient.

Cuticura Remedies are sold throughout the civilized world. Puter Drug & Chem. Corp., Sole Props., Boston. Get Mailed free, 22-cent Cuticura Book, "How to Care for and Treat the Skin and Scalp."
